

**ATAX EFFECTIVENESS MEASUREMENT
SAMPLE**

NOTES:

Below are **EXAMPLES** of what an applicant might list. Some are applicable to events, others (less extensive) for Arts/Services, or new ideas.

TOPICS:

These can be identified by the applicant as a new initiative, a project, element of their organization or event, Marketing, Operating funding, capital needs whatever is consistent with the law.

MEASURING RESULTS:

Each applicant should choose how they measure degree of success. Applicants need to explain why this is an effective measurement technique that reflects results and how that relates to the objective. Applicants and ATAC members and Town Council members need to be cognizant of how deep the applicant must go on measurement. It's the old "Effort vs. Return" or "Time vs. Micromanagement". For instance, getting the number of impressions from a specific magazine ad in a particular issue may require inordinate amount of staff time. Counting the time required to obtain or calculate the effectiveness / return / ROI number for a specific advertisement should be evaluated against what decision would be made if the number / results were different. Does ATAC need to be so deep so that we are recommending a change from "Gardening in the South" magazine to "Southern Living Gardening Guide"?
